Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 10 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some early rain and heavier showers.

Today:
Patchy rain affecting southern areas initially will soon clear. A cloudy day for most with some showers developing, mainly over northern and western parts, some of which could be heavy and possibly thundery. Central areas drier. Maximum temperature 20 deg C (68 deg F).

Tonight:
Showers gradually ease as cloud starts to break up during the evening. Dry for most overnight, but a few areas may receive the odd shower as cloud returns. Minimum temperature 13 deg C (55 deg F).

Sunday:
Showers developing across the region through the day, some of which could be heavy and possibly thundery. A few sunny spells are possible but cloudy most of the time. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Sunny spells and showers on Monday and Tuesday, sometimes heavy with a slight chance of thunder. Tuning drier for Wednesday, with sunny spells.
